

Our Finance Committee

The Finance Committee advises the ISEAL Board on all matters concerning finance.

ISEAL's Finance committee was established in 2006 to oversee all issues related to the financial management of ISEAL. They meet five times a year, at least once in person, to review ISEAL's quarterly accounts, annual budgets and other issues related to ISEAL's financial reporting and performance. The committee also discusses financial governance, funding developments, organisational risk assessment, auditor appointment and changes to membership fees. The recommendations of the Finance Committee are taken into account at ISEAL Board meetings.

The Finance Committee consists of an ISEAL Board liaison appointee, individuals from ISEAL's full member organisations that have considerable financial knowledge and experience as well as ISEAL's Executive Director and Director of Finance and Operations and one external committee member who has experience in UK registered and not for profit organisations.
