

A close-up photograph of cotton plants with several large, fluffy white cotton bolls. The background is a clear, bright blue sky. The cotton bolls are in various stages of maturity, with some showing the brown, papery husks.

Steps towards supply chain impact

Changing environment for standards

Brand owners choose their own sustainability metrics

Consumers demand information about their products

Disruptive technologies

Standards are data managers

Efficient data capture

Data quality

Showing impact

Efficient data capture

Interoperability

Combined approach of
chain of custody and M&E

Internet of Things

Data quality

Risk based models

Geo-referencing

Cross-checks

Collaboration

Blockchain
