

Our Finance Committee

The Finance Committee advises the ISEAL Board on all matters concerning finance.

ISEAL's Finance Committee oversees all issues related to the financial management of ISEAL. The Committee meet four times a year, ideally at least once in person, to review and approve ISEAL's quarterly accounts, annual budgets and annual audited accounts, and to review other issues related to ISEAL's financial reporting and performance, including financial risks.

The Committee also oversees and reviews the organisation's legal structure, financial strategy, financial governance, funding developments, organisational risk assessment, auditor appointment, changes to membership fees and operational oversight of ISEAL's Innovation Fund. The recommendations of the Finance Committee are taken into account at ISEAL Board meetings.

The Finance Committee consists of an ISEAL Board liaison appointee, who also acts as Committee chair, individuals from ISEAL's member organisations who have appropriate financial or operational knowledge and experience, as well as ISEAL's Executive Director and Director of Finance and Operations, who are ex officio and non-voting members of the Committee.
